

5 Day Kimberley Explorer – Bungles, Lake Argyle & Beyond

(Variations to the order we stay at the accommodation)

Day 1: Kununurra – Amalia Gorge walk & El Questro Gorge walk

This morning meet your guides at Kununurra Country Club Resort, Kununurra at 7:30am to drive out to the Eastern Kimberley where we'll walk the El Questro Gorge and Amalia Gorge. The drive will take around 1h20mins. Amalia Gorge walk is a 3.4 km return trek to the waterfall and plunge pool takes over an hour and passes by several small flowing waterfalls and crystal clear pools, including a lovely half-way pool. The beginning of the walk is over a rocky dry river bed, with some tough narrow areas of the trail, but the scenery is worth it. After lunch we'll enjoy El Questro Gorge (walk 7.2 km – 3 to 5 hours) which takes you through a butterfly-filled rainforest and a boulder-strewn valley before arriving at the most beautiful waterfall. Enjoy a swim in the crystal-clear bathing hole and take in the rainforest's splendour! After both of these fabulous walks we'll head to our accommodation for the next two nights at Home Valley Station (staying in Riverside Suites) located on 615,000-acre historic cattle station which also has holiday accommodation. All visitors seeking a taste of the rugged Kimberley outback can stay at the Station and participate in a variety of activities. You may wish to enjoy a relaxing swim in the natural sapphire pool with views of ancient red gorges. Enjoy a delicious meal in The Dusty Bar and Grill tonight served with Australian wine

Day 2: Moonshine Walk & Bindoola Walk

This morning after breakfast we'll enjoy the first walk of the day with an approximate travel time of 1-hour to Moonshine Gorge Circuit trail which follows Moonshine creek. The circuit is 5km. Along the way we'll see tall Livistona Palms and cliff faces on both sides of the gorge providing shade and plenty of areas to rest and swim. On return to Home Valley Station we'll enjoy lunch before enjoying a shorter 1km walk to Bindoola Falls and billabong where you may want to have another swim. Tonight we'll enjoy a delicious meal in The Dusty Bar and Grill tonight served with Australian wine.

Day 3: Zebedee Springs & Emma Gorge – Lake Argyle

This morning enjoy an early breakfast before we travel 45-minutes to Zebedee Springs, a natural oasis found after a short, easy walk. The trail leads us through dense Livistona Palms to a series of rocky thermal pools. The thermal springs are the perfect place to relax and take in the beauty that surrounds us. Next we'll head to Emma Gorge for the last of our walking trails. Emma Gorge forms part of the Cockburn Ranges. This scenic trail takes us through a gorge characterised by cliff face escarpments reaching up to 120 metres high on both sides of the trail. See the ever-changing vegetation as you make your way along the gorge until you reach the crystal clear pools and a 65-metre waterfall. Enjoy a refreshing swim in the pools to cool off before enjoying lunch. After lunch we'll transfer to Lake Argyle – the jewel of the Kimberley. The drive will take around 2-hours 15-minutes. Lake Argyle is located in the remote Kimberley region in the far north of Western Australia. The vast freshwater lake nestled amongst a rugged billion year old landscape is brimming with an abundance of wildlife and breath-taking colourful vistas. Our accommodation for the next two nights is at Lake Argyle Resort which has been designed and constructed specifically for the stunning Kimberley landscape overlooking the lake. Enjoy the delights of this property including the stunning infinity pool! 35 metres of infinity wet edge, spa, and some of the most breath-taking scenery of the Kimberley's! Once we've checked in and freshened up we'll head out to Pannikin Bay Sunset Lookout (1.3km). Tonight we'll enjoy a hearty dinner in the restaurant, served with wine.

Day 4: Pint Pot Bay Exploration Walk

This morning enjoy a hearty breakfast before we cruise across the lake to start our walk for the day. The boat will take us passed many bays and inlets that make this vast body of water so incredibly unique. We may see wallabies, wallaroos, fish, birdlife and freshwater crocs along the way. We will be dropped off to enjoy the Pint Pot Bay Exploration Walk, a 6-8km walk depending on which option you choose. This walk is part of the Southern Carr Boyd Ranges which, from afar, seem arid and barren. But once up close reveal their hidden delights with cool gorges, waterfalls, and lovely, fern-lined pools just begging for someone to swim in them! Some of the best bushwalking tracks in the Kimberley can be found here. This walk is trackless and a unique opportunity to walk in the Kimberly Wilderness. The walk is medium to hard in grade and ranges in terrain with some fairly steep parts onto the plateau, but once on top walking becomes easier and the amazing views on top of the Carr Boyd Ranges make it worthwhile. Optional: An additional 2 km diversion into Little Revolver Creek to a secluded waterpools is available to those who want to venture further. After our walk we'll head back to Lake Argyle Resort for lunch and an afternoon dip in the stunning infinity pool taking in the beauty that surrounds us. Late this afternoon we'll enjoy a private sunset cruise before enjoying dinner in the restaurant, served with wine.

Day 5: Bluff Lookout Walk – Ord River Cruise to Kununurra

This morning after breakfast we'll transfer to the historic Durack Homestead, originally built in 1895 by the Durack family on Argyle Downs Station (now mostly submerged by the lake). The homestead was dismantled stone by stone in the 1970s before the lake was filled and relocated to preserve this piece of local history to where it stands now. From here we will enjoy a walk from Bluff Lookout, a 5.3 kilometre easy trail to Lake Argyle Resort. Look out for the interesting wildlife you may see along the way. Birds, marsupials, reptiles, insects and maybe even an Echidna! After lunch, we will head to the impressive Ord Top Dam which was completed in 1971, before Lake Argyle was filled in 1974. Later we join our Ord River Cruise to Kununurra where we can marvel at the spectacular scenery, wildlife, flora and fauna we'll see along the way. We will stop at a Riverside Camp's for an afternoon tea before continuing on to Kununurra where your tour ends.
